**LEGAL KEY**  
PARTNERSHIP FOR  
HEALTH AND JUSTICE

## Introducing Legal Key Partnership for Health and Justice!

Our team is thrilled to announce that our new program name is here. We are now officially **Legal Key Partnership for Health and Justice**. Just call us **Legal Key** for short! Our name, [website](#), and emails may have changed, but in many ways Legal Key is a more perfect expression of our [vision and mission](#).

Why did we land on the word **KEY**? If something is key, it is **important**, **critical**, and **vital**. A key creates **access**, opens up something new, and **illuminates a way forward**. This one small word embodies all that we strive to do as an organization.

If you want a more detailed peek into our process, check out our latest blog post. And be sure you follow us at our new profile page on [LinkedIn](#)!

Legal Key Partnership for Health and Justice envisions a society where information about legal rights and systems is widely accessible and used to help people to thrive. To realize this vision, Legal Key's mission is to create access to legal knowledge for health and social service sectors and empowers those communities to use legal problem-solving to improve wellbeing. Through legal education, workforce support and social care program design, Legal Key impacts systems, care professionals, and the individuals they serve.

Legal Key is a fiscally sponsored organization of [Third Sector New England](#).
